SARNIA COLLEGIATE INSTITUTE AND TECHNICAL SCHOOL

275 Wellington Street Sarnia, Ontario, Canada N7S 1H1 519-336-6131

Principal 1992/23: Mr. D. A. Campbell Principal 1997/98: Mr. K. J. Dawson

THIS WAS THE YEAR

of the 75th Anniversary

Principal's Message: A Time to Remember

At the end of October, we basked in the glory of celebration as the SCITS 75th Anniversary was an overwhelming success. A major part of that success was the contribution and participation of numerous students and staff in the organization and conducting of the weekend events.

I believe this school has been blessed first and foremost with good leadership -- both staff and student. Over the years, the school has both built and cherished its traditions: the tradition of excellence in the classrooms, the tradition of involvment in its extracurricular program, and the tradition of tremendous parental and community support.

It is natural to look back on one's birthday; and a reunion is such an occasion, to remember all the good times and memories. However, it is also a time to look ahead. I do so with the confidence that this school--yours and mine--is on track and doing well.

Following on the memories of this Anniversary, is the opportunity for all of us now at SCITS to rededicate ourselves to excellence, and to share the common commitment embraced by those whose work and enthusiasm are responsible for what we share on a daily basis within our school.

Congratulations to the Yearbook Committee for their efforts on our behalf in portraying this year as a "Time to Remember."

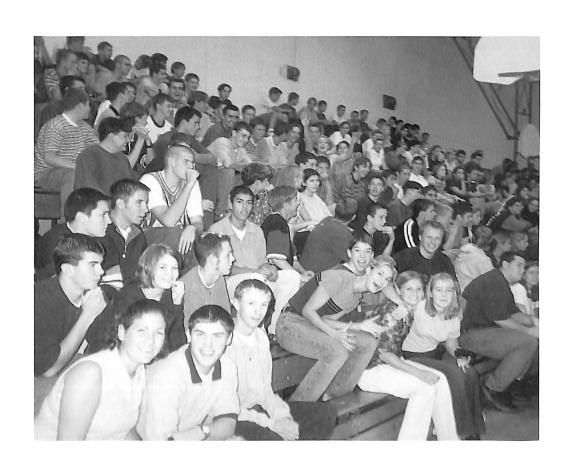

Vice-Principal, R. Guilbeault; Vice-Principal, L. Berger; Principal, K.J. Dawson.

Grade Nines! Remember...

...your anticipation of entering the halls of SCITS nearing the end of summer vacation? ...the fear of possible initiation by senior stu-

dents?

...the excitement of Welcome Week?

...the dread of your first set of finals?

...the night of your first high school dance?

...the 75th Anniversary parade?

... the entertainment of the SCITS Revue?

... your first tryout for a school team?

... how the teachers' looked like during the Canned Food Players?

These are but a fraction of your freshman year memories here at SCITS! You can plan on making more enjoyable memories in the future and facing new challenges. You have arrived at SCITS and you have made an impression on this venerable institution.

1997-98

This 1997-1998 school year we had many students visiting our very own Sarnia Collegiate from Quebec and Europe. These exchange students learned English, met new people and experienced our completely different culture. All students involved in the exchange program enjoyed their stay and had a great time at SCITS.

As well, many SCITS students were involved in the exchange program. Four students travelled to Quebec and two travelled to Europe. These students chose the exchange program to become more fluent in the French language, meet new people, see new places and experience a foreign culture.

Tuomas Leskijarvi is a 17-year-old exchange student from Lohja, Finland. Tuomas spent a year in Sarnia attending SCITS and was impressed with the number of sporting activities available to the students. He participated on the Football and Wrestling teams.

When asked about Sarnia, Tuomas said, "The people are nice, friendly." Tuomas said SCITS was "All right, not too hard; I dislike school lunches."

Tuomas chose Canada as his host country because his sister participated in an exchange to United States; he thought that Canada might be different.

Tuomas enjoyed his stay at SCITS and found the staff and students to be very friendly. He especially enjoyed the sports teams and the sportsmanship shown by the team members.

Narissa Schofield is a 17-year-old Grade 12 SCITS student who travelled to Southern France for a three-month exchange.

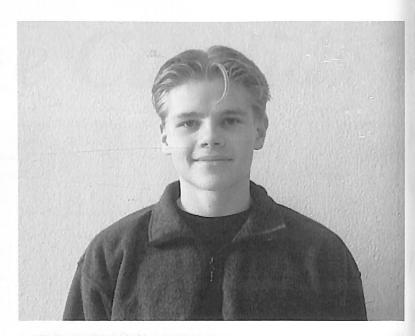

Narissa chose France because she loves the French culture. She had never been outside of Canada and expected an "awesome" experience! "It's cool how we all live on the same planet, but miles away from each other, we are very different!"

Narissa and her exchange partner got along well. "We were very much alike and I found some of her expressions funny, especially when she ate something she didn't like. She would say "That's strange."

"By taking part in the exchange I expect to learn a different way of speaking French, and how they (the French) live. I hope to return home with a more open-minded view of people and their culture."

Carolyn Bolduc (shown left in picture) is a 16-year-old from Chicoutimi, Quebec. Carolyn found Sarnia to be a pretty city during the three months she spent here.

Carolyn loved SCITS! SCITS has great school spirit. When asked about her impressions of Sarnia and SCITS Carolyn said, "The river and scenery of Sarnia are beautiful! The people are very nice and the school spirit is AMAZING!

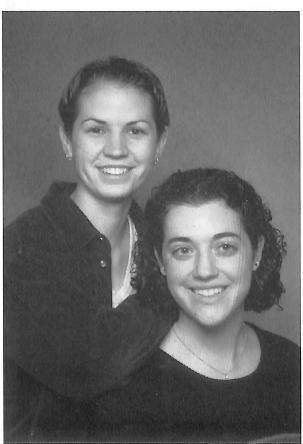

Kerry Archer was Carolyn's exchange partner. Kerry went to Chicoutimi, Quebec for three months. Kerry looked to skiing and learning a new language. I will also need to get along not being able to speak the language fluently. Carolyn and I got along great!"

Fabienne Rostan (pictured left) is a 17-year-old exchange student from France. Fabienne was in Sarnia for three months where she stayed with Jessica Millar and her family while she was in Sarnia.

Fabienne liked Canada very much and chose Canada as her host country because she has always wanted to come here. Fabienne's first language is French but she has been taking English lessons for the last two years.

Fabienne had this to say about her experience in Sarnia: "The people in Sarnia are very nice. The scenery is nice but there are no mountains!"

Fabienne liked SCITS very much and found the staff and students to be very friendly. Fabienne enjoyed the school activities as well as the school spirit SCITS showed.

Jessica Millar, who hosted Fabienne, travelled to Geneva, Switzerland for her three month exchange. Jessica chose to go to Switzerland because she wanted to improve her French and to become bilingual. Jessica also wanted to experience a different culture and a different way of life.

Jessica said "Fabienne and I got along great! We had many common interests, such as music. It was difficult to communicate with each other at first, but after a few weeks, she picked up some English, and things became easier.

Jessica expressed an overwhelming support of the exchange program and said "Opportunities like these might not happen as often later in life, so I encourage anyone interested in visiting a different country to get involved in one of the student exchange programs."

Genevieve Senechal is from St. Thomas, Quebec. Genevieve is 16 years old. Genevieve was also in Sarnia for three months. When asked about her first impressions of Sarnia she said "Sarnia is a friendly, pretty city."

Genevieve stayed with Alayna Gillespie (pictured left) and her family. Genevieve liked her host family very much and liked not being the youngest in the family.

Genevieve liked SCITS very much and found the students and staff to be very friendly. During her spare time Genevieve enjoyed shopping, seeing friends and playing the piano.

Alayna Gillepie went to St. Thomas, Quebec. Alayna chose to go to Quebec because she thought it would be fun to live in another province and learn French. Alayna was hoping to improve her French and wanted to learn about, and experience, a different culture. She also wanted to meet a lot of new people, learn about the people of Quebec, and have a lot of fun.

Alayna had this to say about Genevieve: "Genevieve and I got along extremely well. We were best friends. We never fought and had a lot of fun. We had many similar interests and could always talk."

Isabelle Audy-Leclerc (pictured right) was a 15-year-old exchange student from Sayabec, Quebec. Isabelle was in Sarnia for three months. She thought SCITS was better than her school because it was so much bigger and she liked to see new faces.

Isabelle liked to travel, shop and hang out with friends.

When asked about SCITS, Isabelle said, "The teachers and students are great! They are very friendly. I really liked the "Blue and White Day", "Bad Fashion Day" and Homecoming.

"My exchange partner (Jen Leitch) and I got along great! We had fun and had a lot in common. Her family was very nice. I'll really miss them."

Isabelle chose to go on the exchange because her sister participated last year and really enjoyed it.

Jen Leitch was Isabelle's exchange partner. Jen is a Grade 10 student at SCITS. She went to Sayabec, Quebec for three months.

Jen chose to go to Quebec because she enjoys the French language and would love to be more knowledgable in that subject. She also chose Quebec in order to remain in Canada and stay fairly close to her family.

When asked about her exchange Jen said, "I am glad I chose to go on the exchange and I am looking forward to going to Quebec. I have the chance to meet new, interesting people, and I have learned so many new things from my exchange partner already. I have made a great new friend that I hope to have forever!"

"Isabelle and I were very close and both loved sports, music and parties."

Marsha Armstrong (pictured right), went to Lac St. Jean, Quebec. Marsha chose to go to Quebec because she found the French language very interesting. She also wanted to be able to speak French fluently. Marsha got along very well with her exchange partner. They were very much alike. Marsha said it was almost like having a sister.

When asked about her exchange, Marsha said, "I expect to learn to speak French fluently, to learn a different culture, meet different people and learn how to survive away from home for a long time."

Kim Audet (pictured bottom right) was Marsha Armstrong's exchange partner. She spent three months in Sarnia.

While Kim was here she travelled to Niagara Falls and went shopping in Port Huron. Kim said, "The people are very nice. When I first arrived in Sarnia I thought I would never see snow. It was very hot here!"

Kim got along very well with Marsha and her family. Kim said she never ate the same thing twice and that Marsha's mom was a great cook.

Kim liked SCITS very much. The school spirit shown was wonderful. She especially liked going to the football games and cheering SCITS to victory!

Kim would like to thank all the staff and students at SCITS for being very friendly and making her stay a great experience.

SCJ&TS 75th Anniversary Celebration

After 3 years of preparation and planning, SCI&TS celebrated the 75th Anniversary Reunion on the weekend of October 24-26. Gavin Hall, retired SCI&TS teacher and former SCI&TS student, and his committee of 50 former students, staff members, and students saw their dream come true.

The weekend began with an assembly in the refurbished auditorium, featuring Mayor Mike Bradley, MP Roger Gallaway (also a former student) and special guest and former student, James "Scotty" Doohan, who was an immediate hit with the current student body because of his fame in his role on the

television series, Star Trek. "Beam me up, Scotty."

For months, the current staff and students had been busy sprucing up the halls and classrooms, making ready for the influx of nearly 3000 former students. By Friday afternoon, our guests had begun to descend upon us.

Activities for the weekend included Friday's wine-and-cheese reception, SCI&TS Revue show, in which participants were gathered from all decades, and our popular "Decades Rooms." Saturday started with two receptions--for former teachers and former GAA presidents.

The afternoon saw a huge parade to Norm Perry Park from the school for the football game. Saturday evening ended with a dance in the gymnasium which had been painstakingly decorated in a midnight-stars theme.

Sunday began with an interdenominational church service featuring the Rev. Canon Charles Brown who was our very first valedictorian, and festivities came to a close at approximately noon after a breakfast.

Congratulations to all those involved for the best reunion ever! We look forward to seeing everyone again in the year 2022 for our 100th Anniversary!

Political Protest Against Bill 160

One of the less pleasant events in our year at SCITS was the Political Protest in October 1997. The Ontario teachers and the Ontario government were in disagreement about how the education system should be run. The government introduced Bill 160 and planned to make sweeping changes to this system; the approximately 123,000 teachers of Ontario "took to the pavement" in protest.

It was an historical action. Classes ended for about 2.1 million youngsters from the province. Never before had

such a large protest occurred anywhere in Canada or North America. Never before had all five teachers' unions agreed so completely upon the need for public awareness of the current trend in education.

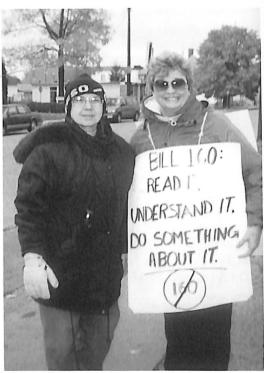

For two weeks, teachers all over the province joined together in a unilateral show of support against the Harris government. Pickets went up outside all the schools--elementary, secondary, separate and public.

At the SCITS' line, many parents, students, and members of the general public showed

their support by dropping off all sorts of refreshments which were very much appreciated by the teaching staff. In addition, custodians and secretarial staff joined the teachers on the picket lines when they could.

The protest ended officially on November 10 when teachers returned to classes. The five unions representing the teachers decided that two weeks of sanctions were sufficient to inform the public of the issues, and did not wish the students to suffer more out-of-classroom time. Staff and students were eager to be back to their routine.

Commencement

Valedictorian Address

There's nothing I love more than the last word. The chance to make one last point, to have the final say. If sarcasm is a trade, then I am its willing apprentice. Just ask anyone who has been the target of my bitter tongue or rapid comebacks. Yeah, I love the last word. Yet, at the same time, there's a kind of pressure which accompanies having the last word. The need to seize the moment and say it just right. How many times have we let a moment pass, only to realize later, what we should have said? So, as much as I love the last word, speaking to you today isn't easy. There is a lot of pressure for me to get on stage and give the speech everyone wants to hear. I am expected to reminisce, and talk about all the great times we had together at good old SCI. Well, I never have been, nor will I ever be, typical. And, I don't think today should be any exception. I am extremely honoured to have been chosen as valedictorian. It is an accomplishment which gives me great pride. But, I have struggled with this title that I've been granted. Being valedictorian means being the representative of the graduating class. But how can I truly represent all of you? Some might argue that I'm the best candidate simply because of my multiple personalities. But, the truth is, I can't even begin to try to relate to everyone. I'll just have to settle for being myself and I guess that's the whole

In my opinion, the entire high school experience is about becoming an individual, developing an identity, in essence, being oneself. We came here in grade nine with all these pre-conceived ideas about what was cool. Our biggest goal in life was to fit in with the group, to be just like everyone else. But somewhere along the way, we realized being different wasn't so bad. Individuality became an asset, instead of a social stigma. Just look around, the graduating class of 1997 is a very diverse group of students. Where else could we find people who answer to

names like Mule, Stubs, Spam, Weasel, Muffin, Fuzzy, Lurch and Lump? The people sitting here hav gained more than diplomas, we have gained memories we'll carry with us our whole lives. Didn't we all walk a little more carefully after seeing sweet Mary Simmons roll down the main staircase a few years ago? And ten years from now, we probably won't recall how the SCITS Wrestling Team enjoyed great success, but we will remember how they all suffered from ringworm. I don't know about you, but I still can't shake th image of that rainy lunch-hour when Jeff Rosina, wearing only his underwear, ran around the back campus while the whole school watched from the cafeteria windows. And we'll probably always wonder things like: How many people took Fuzzy's wheelchair for a joyride? What do the principals talk about over their walkie-talkies? Did Dave Farr ever really have a class? By now, most of us have moved away from the lives we led in highschool. We have gone on to new schools or found jobs but what do I know? I am just as lost as the rest of you. I don't know the meaning of life nor do I have the secret to a successful future but I can tell you that I'm learning. I know that the more underwear you have, the less often you have to do laundry. I know that when the bill comes in your name, call-waiting is no longer a necessity of life. (Just don't tell my parents.) I know that new friends are great, but old friends leave big shoes to fill. I know that you can't go back to highschool, except if you play football, no matter how hard life is in the real world. It's all part of moving on. If I could offer any advice, it would be to follow the example of Popeye who said: "I am what I am." Today we are graduates and this is an outstanding accomplishment which we have all reached by being ourselves. So, no matter what may happen in the future, you can know you once attained success by being the person you wanted to be.

Memories of S.C.J.T.S.

by: April Brander, Class of 1997

Oh how I love this wonderful place And I'd like to tell you why No other high school can compare To our own SCI

It began, for me, five years ago When I first entered these halls Never had I learned so much By reading the bathroom walls

The teachers were a strange new breed
Though we got in many fights
Not over the law of gravity; rather-Who had more fun on Saturday night?

But we must give them some credit
They did teach us a lot
And we paid back all their efforts
by stealing their parking spots

We were a healthy student body
We drank milk day after day
Though I personally prefer Pepsi
I didn't get a say

Lunchtime was a ritual
We hung out in the caf
Always stealing crackers and plum sauce
From the busy kitchen staff

Some hung out at lockers Subjecting passers to inspection Others went for some fresh air Out in the smoking section

And what foggy memory
Is harder to erase
Than embarassing moments at a
school dance
With Marlowe's camera in your face

Let's not forget how many times
We were caught completely unaware
Sending our notes flying
As we tripped up, not down, the stairs

The roof leaks when it rains
The pool is a healthy green
And we've lost a million quarters
To those stupid snack machines

We had our fun in highschool From proms to the revues Braving all types of weather To cheer the white and blue

We weren't so wet and wild
Due to the biggest food fight so far
I won't mention the culprits specifically
BUT YOU KNOW WHO YOU ARE

That's the thing about Blue-Bombers
We've got personality and spirit
It's an in-your-face rebellion
And all the other high schools fear it

When you put it all together
Everything perfectly fits
For nothing will ever be better
Than the school we know as SCITS

CROSS-COUNTRY

Cross-country, which started up again this fall just a week after school began, saw Mr. Bennett return to coaching alongside Mr. Harris. Practices were held four nights a week after school and consisted of either twenty minute or forty minute runs to Centennial Park (not including the journey back to the school.)

The more dedicated runners were led by Mr. Harris on intense extended training runs, while the newer members of the team followed Mr. Bennett through an adapted program of shorter runs alternated with more challenging workouts. The scenery of Centennial became a little more than familiar to these high spirited, energetic runners, and so a new route interspersed with the regular every so often was a nice change.

Cross-country competitions were offered throughout September until November and many of the SCITS runners met with success. Kristina Grennan and Rusty Williams were both award winners at the Lancer Invitational in Windsor. Sarah Smith, however. wasn't quite as lucky. She ended up losing a shoe during the race. Rusty (one of the only male team members), though constantly tormented in the team van full of females, still managed to have an extremely successful season. He was only two spots away from qualifying for O.F.S.S.A. with his S.W.O.S.S.A. 7th place finish! Indrah Simonetti should also be recognized for her fine performance with her strong run at the

London Ski-Club along with all of the other members of the SCITS Cross-Country Team. They all showed great effort dedication, and determination.

Hopefully, next year, the cross-country team will increase in size. There was a fair turn out this year but the team would benefit by any new members interested in joining. In order to field teams in more divisions, we need larger numbers. Running cross-country is a great deal of work but it's also a good way to fit in exercise and a lot of fun.

Right: The 1997-1998 Cross Country team consisted of Pam Simmons sitting in front of Darren Gilbert and Laura Austin. In the third row are Audrey Restorick. Miranda Restorick, and Kristina Grennan. In the fourth row are Indrah Simonetti, Jill Williams, Theresa Halliday, and Sarah Smith. Standing in back are Coach Harris, Rusty Williams, and Coach Bennett.

SCI&IS Cheerleaders

The cheerleaders at SCI&TS have many responsibilities. They are expected to promote school spirit at sporting events featuring our Blue Bomber athletes as well as serving as SCI&TS ambassadors in the community. This year's diverse group of cheerleaders helped out during the 75th Anniversary

Celebrations, the Annual United Way activities, and other local charities. Mr. Fillion, the staff advisor, is hoping for an even greater participation from this group of talented individuals. Blue Bomber spirit is great and it should be shared with as many people as possible. Community involvement as well as

school activities are the crowning achievements of a SCI&TS cheerleader. Hopefully a new group of students will accept the mantle of responsibility next year and assist the cheerleaders from this year to continue this fine tradition of Bomber Spirit!

Senior Football

Andre Arboine had the following to say about the Senior Football team's season, Mike Hall adds his two cents:

Now that we look back at our fantastic senior football season, there are no regrets. With talent and determination we made it to the final game. Hard tackles and terrific touch downs made the S.C.I.&.T.S. football games impressive shows. The crowd cheered everytime Nic Armstrong drove the ball across the goal line or Paul Maitland launched a spiral to Bo Hunter for a twenty yard gain or Shecky Shabazz(Mike Hall) booted the ball through the uprights. Defensive captain Phil Puurunen instilled fear into the hearts of running backs who dared to challenge him on the field. Although we did not find victory in the final game it was still a great season because we all played for the love of the game.

This year's season wasn't filled with a lot of wins for the junior boys football team. However, it was a very fun season. There were a lot of good athletes and all-around nice guys on this team. Almost everyone of them came every night to practice ready to work hard and try their best. Their hard work did not always pay off in games due to the fact that they were often outmatched and outplayed by the other teams. The junior boys had a tough start to the season and had a rough time trying to get back on track. The two highlights of the season were their victory over Northern and a very long touchdown pass during the Petrolia game. Their victory over Northern came during Northern's homecoming and this made the win even more enjoyable. The second highlight occurred during the last few seconds of the Petrolia game; a touchdown was scored by Craig Williamson. This occurred when quarter-back Josh Armstrong connected with Craig on a crossing-pattern. Craig ran over half the field after catching the pass. The play came to a total of an 85 yard touchdown.Thiswas S.C.I.&.T.S. only score against Petrolia.

It was also nice to see our seniors go on to the finals. A few of the juniors had the honour of going up to practice with them.

Junior Soccer

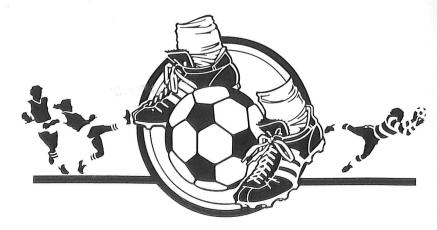

The Junior Girls' Soccer Team had an excellent season with five wins and two ties. With goal average taken into account, the Blue Bombers earned first-place standing in L.S.S.A.A. league play.

Unfortunately, wintry conditions and a snow-covered field worked against the Bombers in our semifinal against North Lambton Secondary School as we lost 1 - 0. The coaching staff of Mr. Kevin

Simmonds, Mr. Robert Simmonds, and Mr.Bruce Spence were extremely pleased with the team's progress and performance throughout the season!
Well done, "Blue Belles"!

Mr. Allen reports that the team had a very good seaon, and were unlucky enough to have missed the playoffs by only one game. All games were well played and very close in score. It was an all-out team effort for the entire season. M.V.P. honours went to Jeremy Allen.

Mr. Allen congratulates his fine team on an outstanding season!

Girls' Basketball

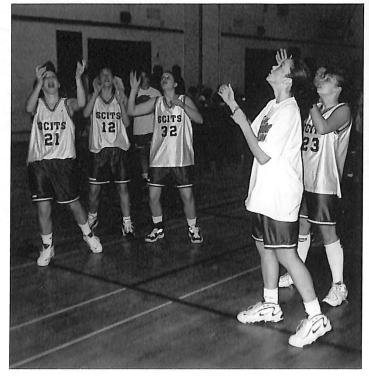

Our SCITS BOMBERS *Midget Girls' Basketball* team had an outstanding season this year. We had only one loss during the entire regular season and made it to the LSSAA finals where we lost to St. Christopher Cyclones by one basket in the final game. Despite this loss, we are very proud of all our hard work and progress. Our team worked together and showed a positive attitude on the court, but we couldn't have achieved this without our wonderful coaches, Andrew Mackay, Marnie Buchanan, and Walter Fell. We thank you for being so patient with us and teaching us to be the best basketball team we could be.

This amazing Midget basketball team above consisted of **Front**: Lindsay Battle, Kristen Ash, Emilie Tidball, Laura Aberhart, Jessica Shelley, Elaine Pomoransky. **Middle**: Corrie Boersma, Heather Yates, Krista Bowling, Stephanie Barnier, Krista Mullen, Ashley Fell. **Coaches**: Mr. W. Of course this will not be the last time you will hear from this basketball team because we will be back and working with the same pride and determination.

BOYS' VOLLEYBALL iuniors

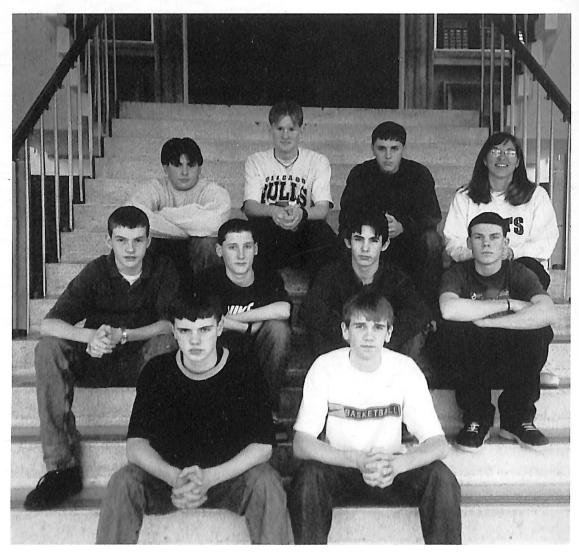

The Junior Boys' team showed a lot of heart this season in improving their skills and learning new offenses. Although the score didn't always show we were the victors, the team exhibited true SCITS

sportsmanship.

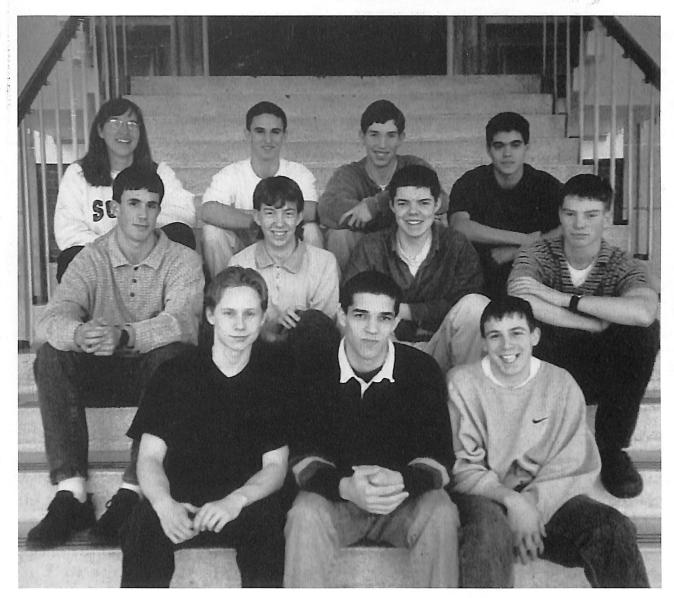

The Senior Boys' team ventured to two tournaments this year at Sarnia Northern and Paincourt. The team had excellent matches, especially against Sarnia teams. At Paincourt they defeated league-leading St. Christopher. Our boys failed to make the playoffs this season, but everyone returns for next year. The team should be awesome!

Swimming

SCITS Swim Team 1997-98

The swim team began their season in early November and trained hard to prepare for interschool competition.

There were 17 girls and 5 boys involved in the team for the duration of the competitive season. The coaches were Mr. Young, Mr. (Rev.) Bruce Genge, and Mrs. J. Sivell. We had interschool competitions against St. Pats, St. Christopher, St. Clair, and Northern to prepare for the L.S.S.A.A. competition held in early February. In L.S.S.A.A. competition, the SCITS

In L.S.S.A.A. competition, the SCITS Girls' Team came in third while the Boys' Team finished in fourth place.

Overall, SCITS finished in third place in the standings.

Several of our swimmers qualified to go on to the O.F.S.S.A. competition in Toronto in March. Our Girls' Relay Team, consisting of Amanda Smith, Beth Griffiths, Amanda Hobart, and Jessica Robinson swam in the High School Girls' 200 m Freestyle Relay and placed 15th in the Senior division. There were several swimmers in individual events as well such as Amy Robinson who competed in the High School Girls' 200 m Freestyle and the HS Girls' 100 m Individual Medlev. Amanda Smith's race was the HS Girls' 50 m Freestyle while Jessica Robinson competed in the HS Girls' 200 m Freestyle and the 100 m Freestyle. Jessica Robinson made it into the finals for both of her events and came in 5th in the province for 200 m Freestyle and 6th in the province for the 100 m Freestyle. It was an exciting time for the swimmers and the coaches.

This has been a successful season for the SCITS swimmers. Many swimmers swam personal bests during the season and all should be proud of their accomplishments. Thanks go out to all of the coaches and swimmers who made this season possible.

Jessica Robinson broke two school records this season--Junior 100 m Freestyle with a time of 1:05.63 (formerly 1:05.95) and the Junior 200 m Freestyle with a time of 2:23.56 (formerly 2:32.23)

This year, our school wrestling team was extremely successful under the leadership of our wellknown teacher, coach, and friend, Mr. McNamara. The team won tournaments throughout the year such as the Orillia Invitational, SCITS Invitational, and London Saunders.

As well, the team once again captured the LSSAA title and the SWOSSA title, proving that they are some of the toughest guys around.

Co-captains Trevor "Golden Arm" Morningstar and Phil "Terrence" Puurunen provided the team with leadership and a strong work ethic.

The following are the "boys in blue" who captured top honours at LSSAA:

Blue Bomber

After a five-year "off season" and one rebuilding year, the Blue Bomber Hockey Team proved to their opponents that they can play with the best of the rest.

In league play, they finished with a 5 - 5 - 4 record. As well, the team finished Consolation Finalists in the London Purple and White Tournament.

The Bombers achieved their *Number One Goal* and made the playoffs for the first time in seven years. Unfortunately, they fell to the North Lambton Eagles, two games to one.

Team Captain, Scott Savage, clinched the team-scoring title with 17 points. The successful season can be attributed to excellent goal-tending, consistent hard work, and true dedication.

(Contributed by Blair Tennant.)

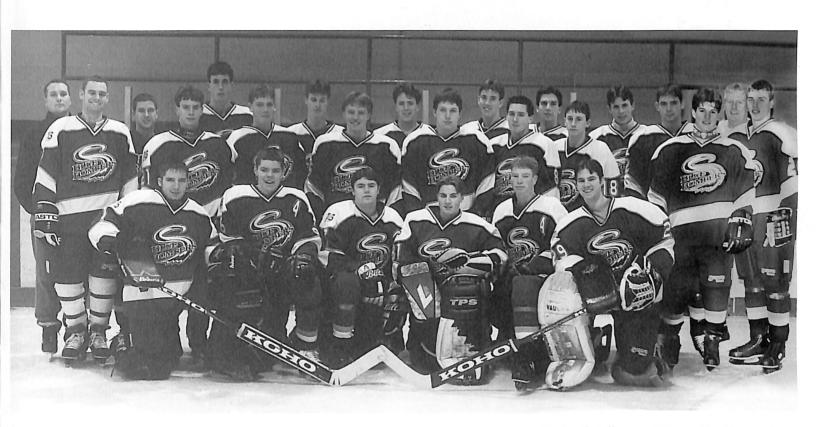

Mr. Yorke, and his two dedicated time-keeper/ scorers in the photo left--Lesley DeRooy and Elisha Redmond--volunteered regularly at every SCITS hockey game.

As everyone knows, officials are extremely important to any sport, and these two girls are to be commended on their participation.

Certing Team

This year's curling team was a mixture of beginners, intermediates and practically-experts. Every grade level was represented by at least one member. The team, led by our own Mr. Nettleton, practised every Monday and played every Tuesday from November to February.

The team, one of the largest, if not the largest in the county, was composed of a boys' A team, a girls' A team and various mixed B teams. The members of these teams varied depending on player availability, and the teams they were scheduled to play against (i.e. if Northern needed an extra player someone from S.C.I. & T. S. would fill the empty space). The team may not have won all their games or been very successful in the finals, but they faced all their challengers with the traditional S.C.I. grit and determination. Whether they won or lost, most of the team had a great time just playing, and they look forward to an even better season next year.

Curling Team Trivia!

For all you curling team fans out there, here's a little bit of trivia concerning the members of the team.

- 1. Which member of this year's curling team made it to the Ontario Provincials with his/her team made up of students from all over Sarnia?
- 2. Which team member is famous for his/her curling suit that he/she got for Christmas?
- 3. How many sets of siblings were there on the team? Name them.
- 4. Which team member was thought to resemble "Ken" from the "Barbie Girl" video by some members of the team?

Matt and Kyler Brouwer; Sean and Brian Green; and Elaine, Audrey, and Miranda Restorick. 4. Marty Barons Answers: 1. Harmony Simmons. 2. Kyler Brouwer. 3. There were three sets of siblings on this year's curling team;

Boys Basketball

This season, our Senior Boys' Basketball Team enjoyed many successes including several Tournament Championships. In December, we won the Lacer Invitational Tournament, followed by January's Championship victory in the Panther Classic. The Bombers lost to Ridgetown, the defending OFSAA champs, in the tournament final in Watford. In additon, the Blue Bombers won a consolation Championship in Pain Court and won third place honours in the

prestigious Northern Tournament, defeating Coach Partridge's Alma Mater, the Sir James Dunn Eagles. Individual highlights during the team's 27 win season, en route to its second consecutive third place finish, include Brett Elliott's selection to the L.S.S.A.A. First Team All Star Team as well as being the consensus choice as the League's M.V.P.. Brett also won Tournament M.V.P. Honours in the Panther Classic and many other Team M.V.P. honours.

Shawn Silk won Team Tournament M.V.P. for the Pain Court Tournament, Veterans Brett Elliott, Paul Cain, and Scott Benedikovic helped Grade 11 future stars Ian Yates, Jordan Whitman, Shawn Silk, Brandon Shannon, and David Siosin grow as players. Congratulations to Steve Fournie, Alex Pomoransky, and Wally Nace who provided toughness and quickness to the team's depth. Thanks also go to manager Lori Maidment and all our dedicated fans.

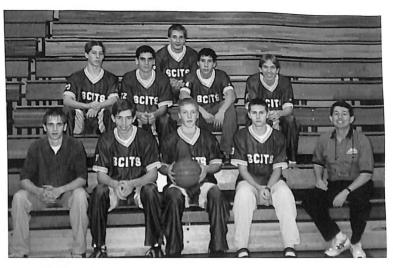

This year, our Junior Boys' Basketball Team had a 0.500 record during league, exhibition, and Tournament action. We had a mix of veterans and rookies with three grade eleven students (Josh Armstrong, Adam Piggot, and Scott Mitchell), five grade ten students (Ron Downs, Eric

McKellar, Dave Smith, Chris McCutcheon, and Jeremy Allen). and two grade nine students (Justin Cottrelle and Nathan Jeffrey). We placed second in the Pain Court Tournament and we put up a good fight in a number of other tournaments. We also had respectable showings against some of the league's top teams. This was a good season where we developed our basketball skills and learned to play as a team. The team would like to thank Coach Sandrin for all of his patience and dedication to this program.

The Midget Boys' basketball Team had a good season overall but not as good as we would have liked it to have been. We ended up the season with a record of 4 wins and 17 losses including tournament and league play. All of our wins came during exhibition play and tournaments. This was a rebuilding season as we only had two grade ten students on the squad while the remaining players were grade nine rookies. We had an enjoyable season and we learned a lot from Coach Lynch. We look forward to next year's season.

Girls' Volleyball

The Midget Girls' Volleyball Season was a great team effort in improving our volleyball skills and court movement and displaying awesome SCITS sportsmanship. The girls participated in 3 invitational tournaments at St. Christopher's, LCCVI, and Northern as well as 21 league games and 14 L.S.S.A.A. tournament games this season. Their best showing of the tournaments was at St. Christopher's where they reached the semi-finals against the host team. They were defeated in the third game of best 2 out of 3, 15-13. The team finished their regular season in third position behind St. Christopher and LCCVI going into the L.S.S.A.A. tournament. Before the final match in the match in the tournament, St. Pat's had third place and we needed to defeat Northern one game out of 2 to go into play-offs. Our league was very competitive this year with all teams eager to improve their standings and play well. Congratulations to a fine group of young ladies and we hope to see you all next year for Junior.

The Junior Girls' Volleyball Team was a good combination of last year's Midgets and Juniors. The new crop of Juniors needed to learn a new offensive system and the skilled veteran Junior captains, Jillian Shelly, Kerry Archer and Tara Soeder, were up to the task of teaching them. Mrs. Woodrow was a welcomed addition to the volleyball coaching staff and the team bloomed under her leadership at the Northern Invitational Tournament February 3 & 4. By the L.S.S.A.A. tournament. the team was sitting in a 3-way tie for 4th spot with LCCVI and Lambton Christian. The team played very well through the tournament but needed to defeat Petrolia to have any hope of making the play-offs. The Bombers could not complete that task but they did defeat the top team, St.

Christopher's, in the final game of tournament. Well done ladies on a much improved and exciting season! Good Luck to those players trying out for Senior next year!

Senior Girls' Volleyball was in tip-top shape in '98. With the experience and skilful coaching tactics of head coach Laurie Girard and assisant Marnie Buchanan, the girls took it all the way to L.S.S.A.A. finals. Having the best warmup in the league helped the lady Bombers wind up in second place after the playoffs and second overall. Although they battled many illnesses and injuries, determination took the girls to the consolation finals at the Western tournament.

Throughout the season there were many highlights and downfaces, but through all, the highspirited girls always played. There will be only three graduates to leave the team.

The team had a good mixture of veterans and rookies in both the forward and back positions. The forwards were led by hooker, Rob Mason, and flanker, Dallas Martin. challenge was the semi-final match against the Petrolia Lancers. It was a close match but the team stuck together through a nerve wracking game. The girls toyed with Petrolia and finally ended the game in penalty shots with a 3 - 0 shootout victory. The next task was to face St. Christopher in the L.S.S.A.A. finals. Throughout the game, the girls demonstrated their skills but could not score a goal. The time ran out with a 0 - 0 draw and the referee called for overtime. With everything on their side including fan support, talent, and determination, the girls lacked the one thing they needed most: luck. The girls

Senior Girls' Soccer

The Senior Girls' Soccer Team started their season as the team to beat, and with all but one of the players playing travel soccer, it was no wonder why! The glory began quickly with the girls winning the Exeter Tournament undefeated.

The season began in a similar way. The Bomber Belles went undefeated in regular season play while only allowing 2 goals. The girls had it all: experience, talent, the best goaltending in Lambton County, and true Blue Bomber grit. The next

STUDENTS COUNCIL

The 1997-98 school year was very busy and fun-filled for the SCITS Students' Council. All cabinet ministers and home room reps worked hard to co-ordinate and provide entertaining activities for all of the students.

Among the many exciting events enjoyed by the SCITS community were the SCITS 75th Anniversary...Welcome Week Carnival ... Christmas Assembly... Christmas Door Decorating ... Christmas Parade float ...and the students worked diligently on a Leadership Conference for the Grade 8 students for the SCITS feeder schools.

Donations were made for auditorium chairs, the Women's Interval Home, the Terry Fox Foundation, and Erin-Lee Johnston, a student with Cerebral Palsy. Fundraisers for the year included Student Price Cards...Pop Can Drive...Valentine's Day Dance...Fun Friend Photos...Bomber Bean, Jelly Bean Draw and the 30-hour famine.

The Students' Council of SCITS helps to provide leadership for all the students of the school and helps to maintain a liaison between the students and the Administration. It is also the intent of the Students' Council to create and maintain a high level of school spirit.

If you answered yes to either one or both of these questions, then you might want to join the *Library Club*!

What the club members do is check books and articles in and out of the library, help fellow students find almost anything in the library, be it a book or a video or an article. We also give a fellow student a helping hand on the computers, give someone some light reading, like a MAD maga-

zine. We also try to give the student body a peaceful, quiet place to read, study, or socialize and a place to relax and do homework.

While doing all of these things for fellow students, we earn points for our school letter.

The members are: Brian Braekevelt, Nancy Douglas, Brandy Kinschular, and Aubrey Taylor. The staff advisors are Mrs. Vilcsak, Mr. Garrett, and Mrs. Turnbull. Mrs. Moore was also an advisor before her retirement in October.

Girls' Athletic Association G.A.A.

This year's GAA, under the supervision and instruction of Mrs. Betty Carson, organized many activities that began with the 75th Anniversary GAA Banquet and a float for the 75th Anniversary parade. Miss Sonia Kostaniuk was an integral part of the preparations for this banquet, which reunited many of the GAA presidents from the last three three decades.

The girls also were the organizing club for the Christmas semi-formal dance held at the school. During Valentine's Day, the GAA initiated the sale and delivery of Cookiegrams -- a unique way to say "I

care."

The Annual Fashion Show this year was another huge success, and has become a very important part of the GAA mandate.

Co-presidents. Dawn Boone and Jessica Millar, managed to miss the club's photo session, but worked hard for many of the events. They wish to extend thanks to all of the committee members for their hard work and dedication, for their school spirit all year through. Jessica Millar sends her congratulations from Switzerland, where she spent 3 months on a school exchange program.

When Mr. Allen first asked me to write why our homeroom was so great, I was stuck on where to start. How was I to put into words the dedication, determination, and spirit of 28 unique and individual people? It's just like a story Mr. Allen told: "We're all notes working together to create a song," and I guess our song was just a little bit louder than the others.

Right from day one all Mr. Allen could emphasize was working together as a team and never to give up on goals and dreams. It was in these motivational speeches we all learned that, as OAC students, it was our job to set the tone at SCITS. As

Accompanied by Mr. Allan and Ms. Vanderbelt, 31 senior students headed for Blue Mountain. On the trip up, we were able to study the biomechanics of Happy Gilmore's golf swing, play Euchre & some Tetris. Upon our arrival at our destination we learned there was to be no night skiing. We entertained ourselves playing Ping-Pong and pool while some hearty souls hot-tubbed in the rain. After a great chicken dinner, we ordered many pizzas. After a restless night, we awoke to a power

a class, we were constantly reminded to be the leaders at SCITS, and once that ball started rolling there was no stopping it! At Welcome Week, we had the chance to say Hello to the Grade Nines, write a cheer, and scrounge up \$169.50 in pennies. Then came Nic and Bo's Fantasy Football, Ultimate Frisbee, Badminton, Euchre, Basketball, The Turkey Shoot Out, Gladiators, The Ski Trip, King's Court, Arm Wrestling, Hockey, Handball, and the 75th Anniversary. It was through these projects, we came out of our shells and learned that high school is what you make of it and as a class we wanted to leave our mark. It was the par-

failure and ice everywhere. It was decided to return to Sarnia but not before a few peole went out on a snowboard run. Even though we did not get a chance to ski, a good time was had by all. Special thanks go out to the organizing crew of Tori Spanton, Harmony Simmons, and Marty Barons.

ticipation of the entire class, or should I say notes, that our goal for success and spirit was achieved. The power of 28 students is amazing! All it took to spark our class was one teacher, or should I say composer. Without the guidance and faith Mr. Allen gave our class, our song would have been average and not exceptional. Even though we had big shoes to fill, we leave even bigger ones for next year's students! Thanks to Mr. Allen, his positive ions, and 28 unique and shining students, our song will forever remain a classic within the walls of SCITS!

The Art Club/Design Crew

Top picture of the 1997-1998 Design Crew: Paul Gallaway, Ms. Yuhasz, Justin Filip, Indrah Simonetti, and Robin Collop.

Our Art Club members are always ready to help out around the school and in the community.

We put up a great display for the 75th Anniversary and our Christmas venture was to paint the windows at Bayside Mall.

Some of our Spring projects included the backdrops for the SCITS Revue and the artwork for the Music department's 'Broadway Musical'; the cover for our student planner, the Yearbook cover and artwork; as well as working towards two Student Art Shows, at Gallery Lambton and Lambton Mall. We've had a very busy and creative year.

75th Anniversary Student Volunteers

under the direction of Sasha Boersma

The 75th Anniversary Committee would once again like to thank all the student volunteers for their help during the October 24-26, 1997 weekend. We had many compliments on how helpful, responsible and mature the 1997 Bombers were. Congratulations SCI&TS! Yu made many alumni very proud!

In the front row are Heather Daye, Indrah Simonetti, Adam Young, and Tom McArthur.

The Christian Fellowship has had another great year! Under the leadership of Mrs. Peterson, Janette Routley, and Laura Griffin, we visited St. Clair's Christian Fellowship, made cookies for the teachers of SCITS, had Random Acts of Kindness Day, watched Veggie Tale videos, more importantly and fellowshipped! This year, we started having a worship time during Friday lunch hours. This worship time was led by the quitar playing of Heather Dave and song leader Laura Griffin. We have learned a lot about ourselves, others, and God and we have seen some awesome things happen in our school.

Wellness Committee

The Wellness Committee was very active this year! They held a Clementine Orange drive for three days during Christmas time and made it into a homeroom challenge. Ms. Pollock's class bought the most Clementines and the 100.00 \$ raised in the school was donated to cancer research. The Wellness committee also held a drug awareness contest that all the schools in Lambton County participated in. Leslie Oke won for the poetry contest and Mr. White's Drama students won for the play contest. The Wellness Committee tries to educate the student body about health issues. New members are always welcomed!

Standing are Marcy Burnham, Sasha Boersma, Hope Prozorowicz, Shannon Scott, Mackenzie Pole, Christa Whalls, Diane Finley, Laurie McBeth, Jennifer Aliperti, and Tim Rose. In front we have Jay MacIntosh, Nic Armstrong, and Julie Levan.

Because of the great number of P.A.L. students with busy schedules, a second group shot had to be taken.

Here they are!

In the front row are Paul Wilkins, Keith Nickason, Julie Finley, Jay MacIntosh, Katie George, and Mr. Farina.

In the middle row are Cathy Ruthven, Leslie Oke, Laurie McBeth, Karis Lasenby, Diane Finley, Harmony Simmons, and Elaine Restorick.

In the back row are Sasha Boersma, Shannon Scott, Aubrey Taylor, and Hope Prozorowicz.

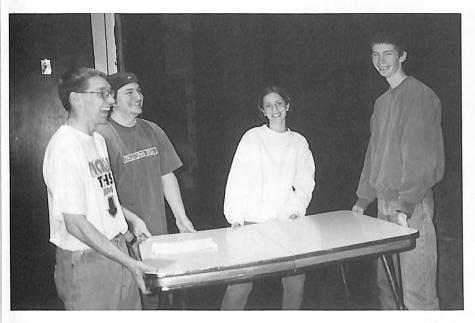

This year 40 senior students gave up one or two study periods a week to help tutor junior-level students. Junior-level students who required extra help in math, science, English, history, geography and French went to the PAL Centre where a senior-level student guided the learning process. Senior-level students found their communication skills and patience levels rise. Junior-level students interacted with senior students and gained an added perspective to their school subjects. Mrs. Fragis and Mr. Farina would like to thank all PALs who volunteered their time this year!

Tech Crew

The Tech Crew is a small group of dedicated students who have spent countless hours setting up for music concerts, the Revue, Nunsense, the drama Entombed, the Fashion Show, the 75th Anniversary, and guest speakers. They know all the nooks and crannies of the SCITS

auditorium and are able to make the performances of the musicians and actors so much more enjoyable by providing excellent lighting and sound. Under the tutelage of Mr. McLean, their staff advisor, the Tech Crew has learned many invaluable skills for mounting a production.

The Tech Crew has also helped with small projects fo Mr. White's Drama classes as well as Ms. Dath's & Ms. Catton's music courses. You are the unsung heroes of the many fabulous productions held in the SCITS auditorium, and we thank you for your help.

S.C.I.T.S. DOES

SCITS added a new lunch time activity to its busy schedule this year. From April 13-16 SCITS hosted *Wrestlemania Week '98.* All of SCITS' most gifted athletes and showmen gathered together to form a new World Wide Wrestling Federation. The action was non-stop! There were body slams, leg drops, clotheslines, double suplexes, top-rope acrobatics, and so much more! Unforgettable matches included the 3-Corner Tag Team match between the Gunn Brothers (Scott McKnight & Ken Barrett), Los Boriquos (Phil Puurunen & Pete Devost), and The Bushwackers (Nic & Josh Armstrong), the "female" scrap of Sable (Michelle Mercier) vs. Miss Elizabeth (Lindsay Urquhart), the Hart Foundation grudge match between Bret "The Hitman" Hart (Kevin MacKey) and Owen Hart (Keith MacKey). and last but not least the three-way match-up of Roddy Piper (John Leverre), "Nature Boy" Ric Flair (Sam Brogden) and Stone Cold Steve Austin (Brad Thompson). The WWF was a big crowd pleaser and helped raise some money and food for the Inn of the Good Shepherd. Many thanks go to Nic Armstrong, John Leverre, and Mr. Caraher for taking on the task of hosting this memorable event for the student body of SCITS.

The Nic & Bo Fantasy Football League was one of the highlights of the first semester. The morning announcements woke up the school, and the action on the football field

proved as exciting. Many different teams of students tried their best to beat the Teachers' team, appropriately named the Old Goats, during the regular season but the Old Goats went undefeated. Their luck ran out when they met a dedicated team in the finals, losing the game but maintaining the moral high ground even after an injury to Whitey's proboscis.

1997-1998

1997-98 Retirees

Mrs. Gale Boardman

English Teacher, S.C.I.&.T.S. 1974 - 1998

"I have never had a boring day here."

In 1974, Mrs. Boardman arrived in Sarnia and began teaching here at S.C.I.&T.S. After a few short stints at L.C.C.V.I., St. Clair, and Alexander Mackenzie, she returned to S.C.I. where she is ending her career in our hallowed halls.. Mrs. Boardman has enjoyed her years at S.C.I.&T.S. She will especially miss her times with the students and the staff. She very much enjoyed working with the staff even during the strikes. During the political action in the Fall of 1997, she appreciated the staff support and unity as they worked together at building morale.

Mrs. Boardman says that despite what kids think, teachers really do care about them. She will find it very hard to leave after so many years of teaching.

Mr. Wayne Boardman

English Teacher, S.C.I.&.T.S. 1974 - 1998
"I will always have a special place in my heart for the students and staff of S.C.I.&T.S.."

Mr. Boardman retired in December of 1997 after a long career in education. He graduated from the University of Western Ontario and began his teaching career in Pembroke Ontario. He then moved to North York before coming to Sarnia in 1974. Mr. Boardman started out at S.C.I.&T.S. before going to Northern, St. Clair, and L.C.C.V.I. finally returning to the Senior School.

He and his wife Gale are avid travelers and are planning a trip to Europe later on this year. Mr. Boardman hopes to spend his retirement doing some windsurfing, trap shooting, fishing, skiing, reading historical novels, and working out at the V.

Mr. Boardman enjoyed his time at S.C.I.&T.S. and liked the camaradery of the staff and the warmth of the students.

1997-98 Retirees

Mr. Bob Haufschild

Computer Teacher, S.C.I.&.T.S. 1980 - 1998

"When your dream possesses you instead of you possessing it, it's time to stop."

Mr. Haufschild grew up in Kitchener before moving to Sarnia to teach Geography at Northern in 1965. He came to S.C.I.&T.S. in 1980 and began teaching Computer Studies.

Mr. Haufschild has found great enjoyment in the classroom because it of the constant challenges. One never knows what will happen next and that makes life more enjoyable. In his retirement, he will be backpacking, canoeing, and camping. He will be going to Alaska at the end of June to explore the untamed wilderness of the American North.

Mr. Haufschild will miss the students the most and wishes everybody the best in all future endeavours.

Mr. Ron Yorke

Business Director, S.C.I.&.T.S. 1983-1998

"Take part and become part of the school because those who do take part tend to enjoy and remember highschool the most."

Although an alumnus of the now defunct Central Collegiate, Mr. Yorke has been a tireless supporter of S.C.I.&.T.S. since his arrival at the Bomber Dome in 1983. His countless hours spent coaching, organizing the Bands at Noon, assisting with the S.C.I.&T.S. Revue over the years, and acting as registration chairman for the 75th Anniversary leaves a huge void for us to try and fill in the rich traditions of S.C.I.&T.S. Some of Mr. Yorke's favourite memories from his time at S.C.I.&T.S. were his 2 WOSSA Junior Soccer championship teams, the years working to develop and foster the Adult Day Program at S.C.I.&T.S., the staff and students. Mr. Yorke will relax, do some work around the house, and go sailing, during his retirement.

1997-98 Retirees

Mr. John Bennett

Science Teacher, S.C.I.&.T.S. 1969 - 1998

"You're never a failure if you keep on trying."

Mr. Bennett was born in Montreal and moved to Sarnia when he was nine years old. He attended Northern before seeing the light. In his final year, he came to S.C.I.&T.S. to finish his grade 13. He studied Biology at Western and then took his teacher's training at the University of Toronto before returning to teach at S.C.I.&T.S.

Mr. Bennett has always wanted to do something with young people and since he did not want to grow up, he naturally went into teaching. He has spent his entire career at S.C.I.&T.S. since he is convinced that this school is the best in the County. Mr. Bennett's affable nature and quick wit have endeared him to the staff and students of S.C.I.

Mr. Bennett's fondest memories include his time as coach of the Cross Country team, his involvement with kids and staff in the classroom, and the frankness of the people of S.C.I.&T.S. Mr. Bennett will spend time with his wife and two daughters and travel, sail, and do volunteer work.

Mr. Ed Tyro

Phys-Ed Teacher, S.C.I.&.T.S. 1969 - 1998 "Whatever!"

Mr. Tyro grew up in Sarnia, attended St. Pat's, and upon graduation from Teachers' College, entered the hallowed halls of S.C.I.&T.S. The place hasn't been the same since! Mr. Tyro, most often called Eddie by students and staff alike, has dedicated countless hours in coaching Junior and Senior Football, Wrestling, and Hockey.

His ability to reach students has often been looked on with amazement by the students and staff of S.C.I.

Mr. Tyro will miss the daily contact with the students of S.C.I.&T.S. and the lively debates he always seemed to find himself in the middle of in the staff room. In his retirement, Mr. Tyro will travel the world, spend some time with his wife and family, and explore the many different facets of life he hasn't had the time to enjoy.

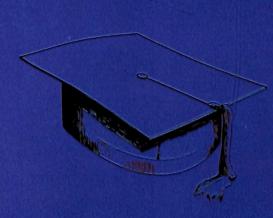

He has been at school all of his life and it's enough. It is now time for Mr. Tyro to relax.

Why does she love me not?

I pluck another petal.

Without her I am void and empty.

Another petal falls gently to the ground.

Would that her love was for me.

Two petals left. She loves me not.

The final true test of her love, the last remaining petal...

She loves me!

TOGETHER WE STAND by Leslie McBeth

> 75 years ago, The legend began, And you can still see it, In every bomber fan.

The spirit was born, It continued to grow, Now together we stand, To face each foe.

With a feeling of pride,
Deep in our hearts,
A great tradition of spirit,
Of which we're a part.

It's a look in our eyes,
A tone in our voice,
When we step through those doors,
We've made the choice.

The choice to have faith, The choice to be true, From that moment on, We'll be white and blue.

We'll fight to the end, With our tough SCITS grit, Our cheers can be heard, We never quit.

Now for generations to come, You'll be hearing the call, "Together we stand, Together we fall."

VALENTINE'S DAY POETRY CONTEST WINNER

YOU by Leslie Oke

I thought that I was doomed to be me, hopeless forever.
I thought I never had a chance, to be anyone other than me.

My life was an endless night, starless for eternity.
The moon never came, to shed some light on me.
You were my hope in despair, my star to wish on, my sun to see.

You saw who I was, and what I had been, growing up sinking down, all alone.

You lifted me up, and held me there, promised not to let go.
You stayed with me, until I learned to do it on my own.

You wouldn't put me down, no matter how hard I cried.
You knew I could do it...
that I had to do it.

And now you are gone. and I am on my own standing strong... because of you.

That is why I love you... because you loved me and made me love me too.

1997-98

CELEBRATE IN '98 A REVUE REVIEW

Celebrate in '98 was filled with many talented acts--a few more than usual, which made the 1998 SCITS Revue even better. It was MC'd by Brooke Smith (whom the Friday night crowd serenaded with *Happy Birthday*) and Conor MacDonald.

The show started off with Jen Griffith and Brendan Graham, two talented pianists, playing a few classical numbers interspersed with a bit of drama to add a little humour. Next came "Bananas in Bloody Pajamas" which made fun of the Australian kids' show along with staff members of SCI. It even incorporated last year's memorable food fight using graduates' younger sisters to play the parts of their older siblings. Thankfully, the "Banana Man" perished in the end.

Unfortunately though, it is uncertain whether the skit's ending was fact or fiction. It showed the cafeteria ladies picking up the dead banana and discussing whether or not they should reuse it in the kitchen.

The audience was also treated to a few dances throughout the show. The first dance, "No Diggity," was performed by 7 capable young female students, a few of whom made the quick change to help form the group of about 18 energetic girls dancing to the song "Bounce." We even had our own "Spice Girls"

impersonating the British pop group singing "Wannabe." It was quite the show they put on for us.

Continuing with the dance theme, "Our World Famous Girls' Kickline" was incredible. The timing and execution of moves in unison was perfect.

And wow! Wasn't that "Not-So-Famous Boys' Kickline" of ours ever co-ordinated! Really in sync you could say (but only if you were sitting in the very back row.) Still, it was fun to watch.

Other skits included "Student Revolt," the Drama Club's act dealing with Bill 160, and another one of Mr. White's "Batman" skits (big surprise there.) "Batman" did have a new twist this year, however. Sure, Batman, Robin, and their other Superhero friends still defeated Two Face and the Joker, but fascinating "twin" illusions were tossed in to throw the audience off.

A number of students with gifted voices also took to the stage with their musical accompaniment, all singing beautiful songs. Mr. Dressdown, a male ska (brass) band, really livened up the audience themselves with a couple of raucous numbers over the three nights the Revue played.

Ryan Whittle too received great applause for his amazing guitar

playing. (He was also enjoyed in his convincing role of "Brigden Fair Princess" in the skit "Captain Kid and the Carnies.")

The amusing little fillers placed in between acts were also found to be entertaining along with the regular-length skits. Although "Trash TV," SCITS' own version of "Jerry Springer," had the curtains closed on it Saturday night, it was still pretty hilarious itself, just as was the imitation of certain characters from the "Dukes of Hazzard" TV show in the "Dukes of Hazzard" skit.

Last, but not least, came Tara and Leah's "Janet Dance," a nice way to end the show. As soon as the music of "Don't Know What You've Got" ended, Brooke and Conor on each night introduced the finale--the whole show crew singing a not-so-in-tune good-bye song to the audience.

It was a terrific show once again, but it wouldn't have been possible without all of the behind-the-scenes volunteers and, most importantly, the Revue's director, Mr. Burrowes.

Well done, SCITS!

PRE BROADWAY

This year SCITS and Northern put on a Broadway Night. The presentation was filled with the two combined bands playing pieces from *Show Boat*, *New York New York, Les Miserables, Somerset* and more. There were solo pieces, jazz band selections and trios. The night was complemented with art work done by SCITS Art Department which added to the already magnificent aura. A trio from Northern, Mr. Stevenson, Ms. Dath, and Ms. Catton performed wonderful pieces.

After hours of practice, an enormous amount of preparation and cooperation on the parts of students, teachers, and participating stores, Sarnia Collegiate's GAA club put on "Fashion Phenomenon" on Thursday, April 30, 1998 with great success. The models included SCITS students. staff members, and staff members' children. Others took part in the annual event by helping backstage or with advertising-some just sat back and enjoyed the show. Proceeds went to Bethany House, Community Girls' Home, Women's Interval Home, and repairs in the auditorium. The stores that participated in "Fashion Phenomenon" were: Athlete's World, Backstage Pass. Blues & Co., Bud Gowan, Club Moda, Cotton Ginny, Fashion Xpressions, Hakuna, Kettle Creek Clothing Co., Kokomo's, Mark's Work Wearhouse, Northern Elements, Northern Reflections, Northern Traditions. Pantorama, Sears, Sirens, Suzv Shier, and Tyes of London.

PLAY DAY!! PLAY DAY!!

The Play Day was held on May 28, 1998 and was done just in time: students were in need of a break and teachers had fun too. A spectacular Thank You to Mr. McNamara, Sasha Boersma and their team (Hope Prozorowicz, Rae-Lynn MacLean, Nic Armstrong, Julie Finley, Mr. Yorke and Mr. Allen). Also thanks to all staff and student officials. Everyone enjoyed many events, bands/soloists, wet-n- wild attraction, and Nic and Bo's Fantasy Football All-Star Game. The day was fabulous!

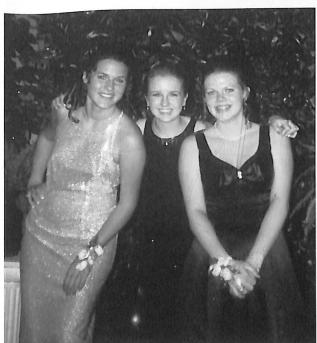

ENCHANTED GARDEN Prom 1998

The Enchanted Garden was a place where memories grew from trees and new friends blossomed like roses. For a change of scenery, the prom was held at the Sarnia Golf and Curling Club this year. SCITS students dined to an elegant meal and later "cut some rug" all night long.

Differently from other years, the Prom Committee held a dinner for the students which was still followed by a dance. The lovely decorated open room overlooked a beautiful view of the golf course and invited friendship amongst everyone there. To ease the mood and calm the nerves, the Club also offered a smoking room. Although many things were different, there was still the traditional naming of the King and

Queen. The lucky couple this year were Corey Hutchinson and Vicki Cruickshank.

The Enchanted Garden was an excellent evening with fond memories for all.

ENTOMBED

A story of abuse and courage (written by Dan White)

A SCITS Drama Club Production

Two brothers are forced to work in the basement of the family home. Their isolation and the nature of the work they do creates a breeding ground for anger and resentment. They struggle to understand the reason they are treated the way they are by their step-father, why their mother allows them to exist this way, and how their father can save them.

Together they ask themselves about love, family, gods and super-heroes. Within the confines of a stark and lonely existence, they challenge each other to either accept or escape the life fate has handed them. Can this "entombed childhood" be released?

1997-98

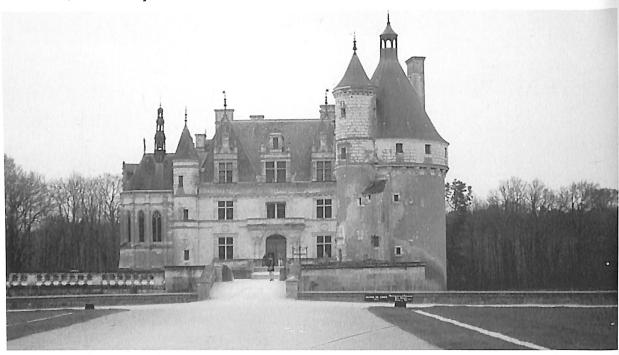

March Break of 1998 was special for five SCITS students who travelled to Europe with Mr. Davidson, his wife, and students from Oliver, B.C., Jonesboro, Arkansas, and Toronto. Their trip began in Geneva and continued through Italy to Nice and Monaco. They enjoyed great weather; Amy and Jessica Robinson took a late night dip in the Mediterranean.

They continued up the Loire Valley through Provence, where they visited two chateaus

and a winery. The tour finished with two wonderful days in Paris in which they visited the Eiffel Tower, the Louvre, and the Palace of Versailles.

The seven had an unforgettable time in France with memories that will last a lifetime.

Members of the travel group: Lori Geary, Katie George, Elaine Restorick, Amy Robinson, Jessica Robinson, Mr. and Mrs. Davidson.

St. Donat French Ski Trip

During the last week in February, 21 French students travelled to St. Donat, Quebec, to enjoy a unique immersion experience in our other official language! For 5 glorious days, our students took part in many cultural and outdoor activities

which included cross-country skiing, snowshoeing, tobogganing, and snowsculpting. The main attraction for most participants was the downhill skiing. The excellent winter conditions of the slopes offered both experts and begin-

ners the time of their lives.
Mme. Ramos was very
pleased with the level of participation of all the students.
As a group, you represented
SCITS with honour and dignity
We look forward to seeing you
next year!!!

Pascal, Cayley, Fermat, Euclid, and Descartes

A sample question from the Descartes OAC Math Contest.

A cable car is suspended motionless betwen 2 towers at a point which is higher than the peak of the lower tower. The mass of the car is 1000 kg, which causes a downward force of 9800 N. The angle between the lower and upper cables is 135 degrees, and the tension in the cable to the lower tower is 9200 N. Draw a triangle of forces to illustrate the system. Calculate the tension in the cable to the upper tower.

The following are sample questions from the Grade Twelve Euclid Math Contest.

1. A chord AB of a circle is 18 units long. If C is a point on AB so that AC = 12, and the distance from the centre of the circle to C is 7 units, determine the radius of the circle.

2. Because of tides, the water level of Math Harbour varies according to a sine curve as shown in the diagram to the right. At what time between midnight and noon is the water level a minimum?

SOMA is an annual model United Nations Assembly hosted by University Toronto School in Toronto. Sounds fun? That depends on your interest in international affairs, meeting new people, and trying new things.

In the XXVI Assembly, IMF (International Monetary Fund) reform, political asylum, Indonesian Peat Fires, cloning, eugenics, and the international legalization of marijuana were just a few of the resolutions discussed. (For the record -- Guinea voted against marijuana's legalization for religious reasons while Luxembourg supported it -- however the resolution still failed).

Preparation began in
December when interested students
were assigned to teams and then
filled out registration forms. By
January, SOMA notified the teams of
what countries they were to
represent. In February, we learned
the process of drawing up
resolutions (a proposal) by writing
our own. By March, we were familiar
with our country's government and
foreign policy so we could submit our
country's position paper.

Finally, on April 22, 1998 we hopped on a 6:30 a.m. train with the

Dinner at the Eaton's Marriott Hotel: Leslie Oke, Kristin Squires, Aubrey Taylor, Kristina (student from Northern, representing Djibouti) Rae-Lynn MacLean, Rebecca (student from Northern, representing Djibouti), Sasha Boersma, Elaine Restorick, Katie George.

Absent: Mr. Lynch (Staff Advisor)

three delegations from Northern Collegiate (Djibouti, Lithuania, and Solomon Islands) to Toronto to begin the weekend. The opening ceremonies were long, but funny. Some delegations wrote songs and plays in promotion of their nation.

Thursday-Saturday we attended various model UN committees. Guinea and Luxembourg were only able to sit on the General Assembly, the Legal-Political Committee and the Economic-Social Committee. Other, more powerful nations also attended the Human Rights Committee and the Security Council.

Sometimes listening to everyone debate gets tiring (and boring if the issue does not affect your country), so there's always the page system. This form of personal courier service delivers notes to other delegates, and also to delegates in the other sessions. You

can lobby for support on an issue, ask people about their nations, attempt to declare war (like Guinea and Sierra Leone attempted on Liberia), or just to say "hi."

Closing ceremonies included dinner, dance, and awards.

Even though this all sounds like a lot of work, it's not. Everything is done by 5 p.m., lots of time to shop or get in national television (like Rae-Lynn and Kristin did during the live taping of Electric Circus for Muchmusic/CityTV).

We all billeted with students from UTS (a high school located on the University of Toronto campus), who are more than accommodating to their out-of-town guests.

SOMA is really a lot of fun -everyone who is even partly
interested in participating should
attend next year's session -- it is a
real eye-opener into what goes on in
international politics.

Marion Drysdale Winner

The Marion Drysdale
Award is an award
presented by OSSTF,
honouring their longtime provincial
secretary. There are
several categories into
which students' work
can be entered. A
committee of teachers
from the county makes
the final decision about
our local winners.

Jarrod Williamson was a county winner from SCITS this year.

Everybody has dreams whether it is to be a movie star, professional sports athlete, or something common like a small business owner. Dreams are things that we all need. In my opinion, if no one had any dreams then no one would ever be happy and no one would ever feel fulfilled. As in a poem, my teacher reads, "The person who risks nothing does nothing, has nothing and is nothing." Therefore, a person who has no dreams will never be able to fulfill those dreams. If you have many dreams then you should go for them. Only those who fail to dare make failures, not by those who dare to fail.

People create dreams so that they have things to look forward to in their lives. They need them to push them through life. The things that dreams do that are good is to push people towards them and they find where they really wanted to go but never thought they would end up there. One of the best pieces of advice I have ever read is "Sic Itur Ad Astra" that in our language means "Reach for the Stars." This is another way to say push towards your goals you can't really get all of your dreams this just leads you in the right direction. Then if you do this then destiny will do the rest to make sure you get where you should be.

If you make dreams and follow them out you will be surprised. (You might want to be the owner of a large business but make a little profit in the process.) Then you could be reaching for that star and find another one. (Like a small business owner that makes all kinds of profit.) You should always try to fish out those stars that swim around in that big fish bowl on your shoulders.

It is important that you have lots of stars and goals to reach for. To paraphrase the self-titled movie Forrest Gump, "Life is like a box of chocolate dreams, ya' fish one out and you'll never know which one you're gonna' get." You could be fishing for something that will keep you and your family fed for a few days. You could reel in something that could feed you and your family for years. I am referring to a job that you want to work at, but does not pay much and you don't work for that long. You could reel in a career that could last a lifetime.

One dream of mine, since I was old enough to make a dream that ever had a chance of coming true is to go into partnership with one of my friends and open a restaurant. We think about it a lot. We are thinking of putting the restaurant near a golf course and it can be the clubhouse. I don't know, it's just something I would like to see myself doing in a couple years. I would also like to visit a rainforest and see the beauty. Other dreams of mine are to go to Egypt and visit the Sphinx, and to be a famous guitarist. Because without music, life would be a mistake. These are dreams I wish I could fulfill.

Some people say that dreams are very bad. They say, "Why reach for the stars if they are light years away you will just be disappointed when you do not reach them." Obviously these people will never make it in life and be happy at the same time. They have blinders on to the world they just go for what they need never what they want. "Life is what happens when you're making plans." So they are always making plans for what they have to do then they're missing life. Life is supposed to be fun so go for what you feel you should get and what you have a right to get. These people also say, "You show me a dream, and I will write for you a disappointment." Well sure you may get disappointed but if you fall down 9 times get up 10, so don't ever give up.

If dreams and goals were all bad then we would not make them; if dreams were all good, we would not expect to fail at them. Those who fail to dare are failures, not those who dare to fail. Dreams are reachable through goals, which help to make dreams a reality. Dreams that have no goals to attain are really just fantasies!

Odyssey of the Mind

Back Row: Jen Vanderwal, Hannah Kye, and Andrea Bremner. Middle Row: Shannon Kelly, Amanda Deschenes and Amy Howard. Front Row: Tim Grace, Kyler Brouwer and Chris Deacon. Standing: Mrs. Vilcsak. Absent: Leonard Payne.

Odyssey of the Mind is a creative problem-solving competition held world-wide during each spring. The winners of regional competitions are invited to the World Finals, which this year are being held in Disney World in Orlando, Florida.

Two SCITS teams competed in the regional contest held at Gosfield North Public School. Each team had to present its solution to a long-term problem as well as participate in a problem-solving brainstorming session, in which the most marks are awarded for the most creative solutions.

One team, consisting of

Kyler Brouwer, Chris Deacon, Amy Howard, Tim Grace, and Leonard Payne, entered the Camouflaged Creation long-term contest. The team had to build a structure out of balsawood strips to hold as much weight as possible. This structure has to be disguised in a larger structure, and the team had to create and perform a skit to explain the "camouflaged crea-

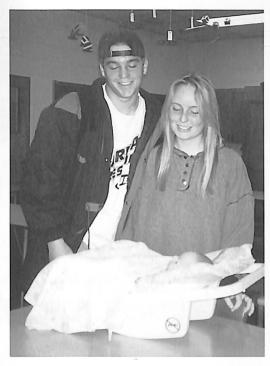

tion's" discovery.

The second team, made up Andrea Bremner, Amanda Deschenes, Shannon Kelly, Hannah Kye, and Jen Vanderwal used their creative talents in the Magnificent Mentor competition. The team had to choose a famous person who would act as mentor to the process of inventing a new nutritional product and producing a commercial to market the product.

The Odyssey of the Mind involves a great deal of preparation, undertaken on the initiative of the students involved. Those who took part on behalf of SCI&TS are to be congratulated for their efforts and achievement.
